

# Home Learning Year 2 Spring 1: Curriculum Choices - Explorers

## Create your own landscape artwork in the style of Emily Ward.

You could use coloured pencils, watercolours, felt tip pens or other media to create your own landscape artwork.

## History

Imagine you are Christopher Columbus setting sail on your voyage. Draw what you would take with you in a survival kit to help you at that time.

## Design Technology

Design and make your own model rocket to take astronauts to the moon.

## Science

Go on a hunt for different materials in your house. Can you test the materials to see if you can bend them, stretch them, squash them and twist them? Which material was easiest to change the shape? Why?

## Computing

### Word Processing

Research and create a short information text about Neil Armstrong. Use PowerPoint or Google Documents.

## RE

Consider what Christians are thankful to God for. What are you thankful for?

Make a Thank you card to say thank you to someone who is special for you. Think carefully what you want to thank them for.

## Geography

Imagine you find a new island. Create a map to show what is on your island. Can you use a key with symbols to show what places are?

## PSHE - Celebrating differences

•Create a poster or collage to celebrate what is special about you. You could include drawings, photographs, captions etc. Think about what makes you special? What are your talents and skills? What makes you a good friend?

## Music/ Science

Can you make your own musical instrument. Think carefully about the materials you use. Can you play this while singing along to one of our school songs?
